Hi my name is Gabriel. I go to St Mary's School Colton. I live in Colton in the croft, and I enjoy school. Because we go on trips to fun places like the Sea Life centre. I'm Birmingham because there are lots of Sea Animals. Schools the best because they give you confidence and new opportunities. We went to the Sea Life centre because we were doing about the beach and the Sealife.

St. Marys Golden time

Golden time is one of the things I love to do at school. You bring in a toy from home into school and so does everybody else and you play with each others toys and your own but you don't have to bring in a toy though. If you are bad during the week you miss five minutes or more if you carry on behaving badly. I am Lily and I am nine and I still do it. It goes all the way through school.

victorian fair

We also help to raise money for school by doing a very fun victorian fair. The victorian fair is not just like a normal fair with lots of rides it has a bouncy castle, count how many beads are in the jar and more. last time all the year six or five boys made a spooky trail as well

When I was at ST. Marys we did loads of fun, cool and educational things! We did school plays like Romeo and Juliet which is what we're doing now. We do Maths, English, PE and we have break times where we play for a while and have a snack. We have a field, playground and a conservation area which is like a forest.

Most people in St. Marys live in Colton, some live in Rugeley and others live in other places! I wonder what it's like when you find this!

Hi my name is Louise. I have blonde hair and blue eyes. (Well sort of) At the moment I have lots of Mosquito bites and they look horrible. Anyway I Live at the top of highstreet in No. 8. I Live with my Mum, My Dad, My Brother and my Dog Digger. I go to ST Mary's primary in the villiage, it's a great School. And every year we put on a School play with Mrs Low as the Director.

The play is by KS2. They're normally old Shakespeare plays like A Mid Summer nights dream, or Mcbeth. This year We are doing Romeo and Juliet. It's A classic Love story. Romeo & Juliets parents are at war. But Romeo & Juliet end up getting married but They both end up dieing. It's complicated! I play Lady Capulet she's Juliet's Mum. They get on quite well but I have to be quite strict. Though the bad thig is I have to be Married to ZAK! He plays Lord Capulet. But it's not fair because when theres a sword fight or everyones dancing I have to stand in the corner of the Stage and watch because I'm a Lady!

At St Mary's Primary School we do many activities. All the things that we do here will be a bit different in a few years. You probably won't have a Sports day.

Sportsday is a type of athletics. With Relay Races. You use a baton. 2 people go up one end and 2 people go up the other end of the race track and pass the baton to each other.

The other Races are the sack race that is a race that involves a sack and you have to get in the sack and jump all the way to the end on the finish. Then at the end of the day you will get a trophy for the winning day with the colour ribbon on top of the trophy.

Hello, my name is Erica Bayliss and if you are reading this then I suppose you have found the village time capsule. I have a few friends from a school 'Richard Crosse'. Our head teacher was called Mrs. Lavender but she left so we had a new one called Mr. Hovern. He also is a head teacher at Richard Crosse, so we are now a joint school. I really liked going to Standon Bowers with Richard Crosse because I made a friend there called Esmee. We are also going to Borth with them. We will be going for 3 days. I hope you have enjoyed me talking about our joint school, at St. Mary's.

So if you are reading this then I suppose that some one found the time capsul. I am glad! I wonder if, however many years have gone by since I write this, the school is still there! I hope so as I love it here! I would love other children to share some of the experiences I have had at St Marys! What has changed? Do you still do Maths, English and Science? How about goldentime? play time? I imagine that colton will be so diggerent in 100 years! Is it? well I will probably never find out, but I hope that children still come to St Marys school, and have the time that I have had. I am leaving to go to Fair oak high school. The message I am trying to get across is have a gab time at St Marys!

This will be about cluster sports. The best day ever. Cluster sports is a great school day because your pen doesn't connect with the page, well not as much as usual. In other words you don't write much. Also I always go because I can throw really far. I love throwing, and one of the activities is throwing. There are other races like: hurdles, running, long distance running and games. The games are things like: kicking footballs, throwing netballs, throwing bean bags into a hoop and hockey dribbling.
